**'Strategies to Support Your Child at Home'**

**Wednesday March 6th, 6pm in the the Multi-Purpose Room**

**Noecker Parents,**

We are excited to invite you to our 'Strategies to Support your Child at Home' night at Noecker. Special Education Teachers and Child Study Team members will be coming together to give you tools to assist your children at home. Topics will include how to help with homework, reading with your child, Yoga & Mindfulness at home and in the classroom for students, Study Skills, and discovering what type of learner your child is. We are looking forward to giving you tools to help your child at home and support their educational journey.

Throughout the year, we will be holding meetings to inform you about the program here at Noecker and Special Education in general. Parents of all students are welcome to attend, and we are excited to work in partnership with you, as we all grow together.
