Roseland Board of Education Lester C. Noecker School

100 Passaic Avenue Roseland, New Jersey 07068 (973) 226-7644, ext. 314

April 5, 2017

Dear Parents/Guardians,

Several times throughout the year the Roseland Recreation Department applies a pesticide application to our front and rear baseball infields. The original date last week was postponed due to the inclement weather. The rain date application is taking place **April 10, 2017 and May 26, 2017**.

It is required that everyone remain off the applied area at least 72 hours after the application. We ask that you remain off the infields for the April 10, 2017 application until **April 13, 2017** and for the May 26, 2017 application until **May 29, 2017**.

This is a routine application which is part of scheduled applications that occur throughout the year. Thank you in advance for your cooperation in observing these restrictions.

Sincerely,

Robyn P. Greenwald

Robin P. Greenwall

Principal

Thomas August

Supervisor of Buildings and Grounds
